## Series <br> A1PS/ A1VS <br> Economical Pressure Switch <br> Vacuum and Compound Ranges Available, Aduistable Set Point

Series A1PS/A1VS Economical Pressure Switches are designed with a 15 Amp SPDT switch for direct control of pumps and motors. Available in pressure, vacuum, or compound ranges, the switches offer a field adjustable set point. Easily adjust the switch by aligning the top of the self locking adjusting nut with the desired setting indicated on the adjacent range scale. Connection is $1 / 4^{\prime \prime}$ male NPT for quick installation and can be mounted in any position.
