Industrial Thermometer Thermowells

Fits IT Thermometers with 3-1/2" and 6" Stem Lengths

The Series IT-W Thermowells reduce installation cost and time by eliminating the need to drain the system when servicing industrial thermometers. The thermowells protect industrial thermometers from high pressure, flow and corrosive media. Series IT-W Thermowells are available with 2-1/2" and 5" insertion lengths and with the option of a 2-1/2" lagging extension. These cost efficient brass, 304 stainless steel, and 316 stainless steel thermowells with 3/4" NPT threads are compatible with Series IT for most applications.
