**Digital Thermohygrometer**  
Remote Probe, Push Button Calibration

The THI2-10 Digital Remote Sensing Thermohygrometer accurately takes humidity, temperature, dew point and wet bulb temperatures inside of ducts and hard to reach areas. English and metric engineering units as well as the type of measurement displayed can be easily selected using the push buttons. The push buttons also allow the user to freeze the current reading or retrieve the minimum and maximum readings. A large backlit LCD digital dual display allows the user to see both the temperature and humidity simultaneously and a low battery indicator shows the user when to change batteries. For hands free operation, the thermohygrometer can be mounted on a tripod. All units include batteries and a hard carrying case for safe transport.

**THI2-10, Thermohygrometer with Remote Probe ........................................ $99.00**

**ACCESSORY**

**TH-CAL, 33% and 75% RH Calibration Standards ........ $104.00**  
(Items are net priced and are not subject to any discount.)

**Series TH**

**Thermohygrometer Pen**  
Dual Display, Compact Design

Simultaneously measure temperature and relative humidity with the Series TH Thermohygrometer Pen. This unit features a dual LCD, user selectable units of measure, MAX/MIN functions, reset and display hold. A built-in self calibration utility allows for field calibration using the optional relative humidity calibration reference. The Model TH-10 includes a pocket clip, battery and instruction manual. The optional kit, Model TH-10K includes thermohygrometer pen with 33% and 75% RH calibration standards and a hard vinyl carrying case.

**Model TH-10, Thermohygrometer Pen ........................................ $58.00**  
**Model TH-10K, Thermohygrometer Pen Kit .......... $142.00**  
(Items are net priced and are not subject to any discount.)

**SPECIFICATIONS**

**Display:** Dual LCD display for temperature and humidity.  
**Temperature Limits:**  
Ambient: 32 to 122°F (0 to 50°C);  
Storage: 68 to 140°F (-20 to 60°C).  
**Resolution:**  
Temperature resolution: 0.1°F or °C;  
Humidity resolution: 1%.  
**Power Requirements:**  
3 V Lithium (CR2032) battery (included).  
**Weight:**  
2.3 oz (65 g).  
**Agency Approval:** CE.

**APPLICATIONS**

Measure temperature and humidity in greenhouses, clean rooms, drying rooms, HVAC, food, pharmaceutical, and textile industries.
